GCWDB MONITORING AND OVERSIGHT

Monitoring is an essential part of program and financial management to ensure compliance with applicable laws, regulations, integrated workforce plans, provider agreements, policies, and procedures. Oversight and monitoring will focus on the Green Country Workforce Development Area (GCWDA) systems to ensure acceptable standards for fiscal accountability, program administration, procurement, and integrated services delivery are established and in practice. Green Country Workforce Board's approach to program and fiscal monitoring uses a combination of monthly monitoring and desktop monitoring, as prescribed in Workforce Innovation and Opportunity Act (WIOA) Section 183.

In executing its oversight and monitoring responsibilities, to ensure compliance with applicable uniform administrative requirements, GCWDB designated personnel will conduct formal overview and monitoring reviews on an annual basis and periodically throughout each program year, including:

- Program and Performance Monitoring
- Fiscal Monitoring
- Equal Opportunity Monitoring

A. Authority:

This monitoring policy is designed to provide quality checks and balances to ensure programmatic and financial accountability for the WIOA Title I funds within the GCWDA, including Adult, Dislocated Worker, and Youth. The GCWDB and its Fiscal Agent designee are responsible for overseeing and monitoring the WIOA Title I activities and those of their sub-recipients in order to:

1. Determine that expenditures have been made against the cost categories and within the cost limitations specified in the Act and the regulations in this part;
2. Determine whether or not there is compliance with other provisions of the WIOA and the WIOA regulations and other applicable laws, regulations, and contracts; and
3. Provide technical assistance as necessary and appropriate.
4. Assure compliance with 2 CFR 200 (e.g., 2 CFR 200.32, Expenditures; 2 CFR 200.84, Questioned Cost; and 2 CFR 200.85, Real Property); and
5. Determine compliance with the nondiscrimination, disability, and equal employment opportunity requirements of WIOA Section 188.

B. Administrative Responsibilities:

In exercising its administrative responsibilities GCWDB and its designated Fiscal Agent will:

1. Ensure monitoring of service providers on an annual basis and at least sixty (60) days prior to expiration of the service provider or subrecipients' contract with its subrecipient, and submit

- monitoring reports and resolutions to the OOWD Policy and Program team when they are issued.
- 2. Provide to the OOWD Policy and Program team all requested documents at least thirty (30) days prior to the scheduled monitoring date.
- 3. Have documents previously identified by the OOWD as required for on-site review available in an organized, orderly manner to facilitate expedient examination by monitors.
- 4. Ensure appropriate staff is available at the on-site location on the monitoring date(s) to assist the OOWD Policy and Program team.

Compliance Monitoring Responsibilities:

Program Activity	Responsible Staff	Type of Report	Distribution To
Program Monitoring	GCWDB Staff	Service Provider Oversight/Monitoring-continuous	Service Provider, GCWDB monthly; OOWD as required
Fiscal Monitoring	GCWDB Fiscal Agent (*GCWDB Staff)	Fiscal Oversight/Monitoring-annual and periodic	Fiscal Agent, GCWDB, OOWD as required
EO Monitoring	GCWDB EO Officer (*GCWDB Staff)	EO Monitoring Report	GCWDB, OOWD as required

*GCWDB Staff will ensure the monitoring is completed. In the event the Fiscal Agent or EO Officer is unable to complete the monitoring as described above due to extreme circumstance, the GCWDB gives the Board Staff the authority to complete each monitoring.

Program Monitoring:

The GCWDB Staff will be responsible for ensuring local oversight of WIOA Title I Adult, Dislocated Worker, and Youth programs and the One-Stop Operator. To ensure compliance with federal, state, and local administrative and financial requirements, the board will provide oversight regarding policies and procedures used in the local area and ensure that state and local performance goals are being achieved. The board will receive reports from the GCWDB staff and fiscal agent on the results of all monitoring activities, and any oral or written reports generated by the GCWDB Staff regarding significant monitoring or compliance issues that have come to his/her attention.

Pursuant to the minimum standards established by the Governor, GCWDB shall ensure the service provider is monitored throughout the program year on at least a quarterly basis. GCWDB has elected to monitor more frequently than once per quarter to due OOWD not allowing changes in OKJobMatch after a participant has exited. GCWDB will perform continuous monitoring with a monthly report for:

1. Compliance with federal, state, and local area regulations, plans, policies, and guidelines.
 - a. Participant eligibility verification documentation.
 - b. Review of participant records for assessment and employability plan.
 - c. Review of contracts (i.e., on-the-job training, customized training, and worksite agreements).
 - d. For providers of WIOA adult and dislocated worker services, proper delivery of services consistent with the GCWDB service delivery design.
 - e. For providers of WIOA youth services, proper delivery of services consistent with the GCWDB youth program.

2. Compliance with local established policies.
3. Contract performance compliance.

The GCWDB will be provide quarterly Program Monitoring reports generated by the program monitor.

All monitoring reports will contain information regarding outcome of monitoring activities, including any significant compliance issues.

GCWDB will submit copies of monitoring results to OOWD for review as required.

GCWDB has elected to perform continuous monitoring with monthly reports. 100% monitoring will be completed on all new enrollments as they occur. This technique provides a better monitoring service to the provider in that it provides feedback quickly to the career managers and issues are resolved in a timely manner. The previous quarterly method hindered corrections due to cases closing before the quarterly monitoring was complete. This change was prompted by OOWD's new rule: not allowing any changes after a participant has exited. The GCWDB monitor will send monitoring issues as they are found via e-mail to case managers and the service provider operations manager. The issues are to be corrected and complete within five (5) working days. At the end of each month, the GCWDB monitor will send a complete summary of all issues and the service provider will have ten (10) days to ensure all corrections are complete and all documents associated with the participant's case are uploaded. The GCWDB monitor will re-check the report to ensure all corrections are complete and all issues are resolved, then issue a final report.

A. Scope and Frequency of Monitoring:

The scope and frequency of the monitoring effort must consist of the following:

1. Monitoring activities by utilizing a monitoring document, desk reviews, on-site visits, telephone contacts and on-site visits resulting in a summarized written report;
2. Conducting on-site reviews of policies, plans, and procedures governing all segments of their program activities and program operations at least once during the program year;
3. Conducting pre-award financial review or on-site post-award monitoring of recipients that have little or no workforce program experience no later than one hundred twenty (120) days after the award of a contract;
4. Monitoring each subrecipient providing services to participants for program accountability and to ensure contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.
5. Fiscal agents must monitor each subrecipient once annually, and no less than sixty (60) days prior to the expiration date of the contract;
6. Reviewing a sample of participants' files to determine compliance with required federal, state, and local laws, policies, plans, and procedures.

All Monitoring will be done in accordance with WIOA law and regulations, State of Oklahoma policy and local Workforce Development Board policy.

Files with known issues will be monitored to ensure corrections have been made.

Monitoring Reports, Findings, Final Determinations

GCWDB Staff will issue a Monitoring Report outlining findings and any appropriate questioned costs as well as the corrective action that must be taken to resolve the findings. A response to the Monitoring Report must be received by GCWDB staff within 30 working days of the issuance of Monitoring Report. The response must be

entered onto the Monitoring Report document in the space indicated and must include all supporting documentation that could resolve the issue as well as any other applicable action that will be taken.

1. Each Career Manager should be responsible for correcting the deficiencies in their respective cases;
2. The Operations Manager and the Director of Workforce Operations are ultimately responsible for ensuring corrective actions are taken when problems are found and supplying all documentation/proof of correction for each issue found by the monitor and corrected by the Case Manager.

The deficiencies should be corrected within 30 days of receipt of the Monitoring Report.

GCWDB Staff will review the response and all documents submitted. If all findings are resolved, GCWDB Staff will issue a Final Determination.

If issues remain unresolved, a formal meeting between GCWDB staff, the appropriate entity being monitored and, as appropriate, representatives from the GCWDB and/or Fiscal Agent will be conducted to resolve the findings. Remaining Questioned Costs will be submitted to the Fiscal Agent for recovery and/or resolution. In the event a monitoring review results in questioned costs or a negative administrative finding against the GCWDB staff, WIOA Service Provider or the Fiscal Agent, the GCWDB will work with the OOWD and the CLEO to resolve the issue.

All finalized monitoring reports, including corrective action correspondence, will be maintained in a centralized location accessible and available as official GCWDB documents at the GCWDB Office by the GCWDB Monitor.

Throughout the course of the review of case files and monitoring process, it is understood that circumstances beyond the GCWDB staff, Fiscal Agent, and/or appropriate entity being monitored may arise that would derail the timeframes outlined in this policy. If such an occurrence happens, arrangements between the parties affected may be made without penalty and with no interference of any measures or reporting requirements as long as the discussion and arrangements are made prior to due dates.

In addition to the annual monitoring and required formal monitoring reviews, oversight and random programmatic reviews will be conducted when necessary to address issues as they arise, year-round, via program monitoring and compliance staff, to ensure compliance with applicable requirements are being met. When random monitoring is completed, reports are written and timelines and process are the same as regular quarterly monitoring.

A. Technical Assistance

GCWDB Staff will provide technical assistance whenever requested and as needed throughout the year and may also focus on providing technical assistance during the review process.

B. One-Stop/System Monitoring

The One-Stop Operator will be monitored upon requirements as outlined in the contract between the Green Country Workforce Board and the One-Stop Operator provider.

As the Workforce System in Green Country develops and other partners and programs are blended, a more robust monitoring process may be developed in conjunction with the One Stop Operator, as appropriate.

Fiscal Monitoring:

Oversight and monitoring will focus on GCWDB's systems to ensure that acceptable standards for fiscal accountability, program administration, procurement, and integrated service delivery are established and in practice. In addition to the annual monitoring and required formal monitoring reviews, oversight and

programmatic reviews will be conducted year-round via program management and compliance staff to ensure compliance with applicable administrative requirements.

4. A 100% monitoring of client funds and expenses are reviewed on a monthly basis prior to reimbursement of subrecipient (Service Provider) invoices. Feedback from monthly findings is provided to Service Provider throughout the year.

Annual Fiscal Monitoring:

1. It shall be the responsibility of the Fiscal Agent to conduct an annual monitoring of the GCWDB contracted WIOA Title I Service Provider and One-Stop Operator. The Fiscal Agent will conduct oversight activities of financial systems, cost limitations and expenditures to ensure that grant funds and other assets are adequately safeguarded, and their use is in compliance with OMB Circulars, Federal regulations, state, and local policy requirements. Such fiscal oversight activities used to determine contract service provider compliance include, but are not limited to the monitoring, evaluation, and auditing of one or more of the following:
 1. General requirements. Examples:

When disallowed costs are found, the service provider is responsible for reimbursing the fiscal agent 100% of costs associated with the participant (service provider staff time not included).

During the annual review, the Fiscal Agent will also monitor Service Provider's adherence to their contract. The Fiscal Agent will conduct a 120-day review of new Service Providers or any Service Provider identified that may have a high risk of potential deficiencies.

This review will be based on the following:

1. Is proper documentation available to verify that the Service Provider is financially solvent?
2. Does the Service Provider maintain an adequate financial management system in accordance with 29 CFR 95 and 29 CFR 97?
3. Is there a current cost allocation plan that meets the requirements of the OMB circulars?
