Policy

WSD #03-2024 is intended to clarify procedures that minimize the burden of documenting eligibility, service provision, and outcomes while remaining respectful of the need to ensure data integrity and report accurate information to the United States Department of Labor (USDOL). All documentation previously copied and kept in paper case files must now be electronically scanned and uploaded to participant records to develop a virtual case file.

General Eligibility

Wagner-Peyser

The Wagner-Peyser Act of 1933 established a nationwide system of public employment offices known as the Employment Service (ES). The Act was amended in 1998 and again in 2014 to become part of the Workforce Innovation and Opportunity Act and the One-Stop delivery system. The primary responsibilities of ES are to:

- Assist job seekers in finding employment and employers in filling jobs;
- Facilitate the match between job seekers and employers; and
- Meet the work test requirements of the State Unemployment Compensation system.

The types of ES services available include job search and placement assistance, recruitment services and special technical services for employers, reemployment services for unemployment insurance claimants, labor exchange services for workers who have received notice of permanent or impending layoff, referrals and financial aid application assistance for training and educational resources and programs, and the development and provision of labor market and occupational information.

ES services are available to any jobseeker, regardless of employment status; however, Veterans receive priority of service in accordance with Training and Employment Guidance Letter (TEGL) 10-09 and Veterans Program Letter (VPL) 07-09. Program participants may also include individuals with employment authorization documents who have been granted relief under the Deferred Action for Childhood Arrivals (DACA). In addition, any employer seeking workers is also eligible for ES services.

WIOA Title I Adult Programs

The WIOA Title I Adult Program is designed to provide quality employment and training services to assist eligible individuals in finding and qualifying for meaningful employment. Veterans and eligible spouses continue to receive priority of service for the WIOA Title I Adult Programs. To receive WIOA Title I Adult services, all individuals must meet the following eligibility criteria.

- 18 years of age or older
- Authorized to work in U.S.
- Selective Service Registration

Definition of Eligible Spouse

“Eligible spouse” as defined at section 2(a) of the JVA (38 U.S.C. 4215[a]) includes the spouse of any of the following:

- (a) Any veteran who died of a service-connected disability
- (b) Any member of the Armed Forces serving on active duty who, at the time of application for the priority, is listed in one or more of the following categories and has been so listed for a total of more than 90 days:
 - i. Missing in action
 - ii. Captured in the line of duty by a hostile force
 - iii. Forcibly detained or interned in the line of duty by a foreign government or power
- (c) Any veteran who has a total disability resulting from a service-connected disability, as evaluated by the Department of Veterans Affairs
- (d) Any veteran who died while a disability was in existence

A spouse whose eligibility is derived from a living veteran or service member (i.e., categories b. or c. above) would lose his or her eligibility—

- if the veteran or service member were to lose the status that is the basis for the eligibility (e.g., if a veteran with a total service-connected disability were to receive a revised disability rating at a lower level), or
- for a spouse whose eligibility is derived from a living veteran or service member, that eligibility would be lost upon divorce from the veteran or service member.

*Priority Populations groups for WIOA Adult Program

WIOA Title I Dislocated Workers Programs

The WIOA Title I Dislocated Workers Program is designed to provide quality employment and training services to assist eligible individuals in finding and qualifying for meaningful employment. For the WIOA Dislocated Worker program, the only priority of service is the veteran's priority of service. A veteran must meet each program's eligibility criteria to receive services under the respective employment and training program.

To receive WIOA Title I Dislocated Worker services, individuals must meet the following eligibility criteria.

WIOA Title I Youth Program

The WIOA Title I Youth program is designed to assist youth with one or more barriers to employment prepare for post-secondary education and employment opportunities, attain educational and/or skills training credentials, and secure employment with career and promotional opportunities.

All WIOA Youth must provide documentation of basic eligibility:

- ✓ Age/Date of Birth
- ✓ Selective Services Registration is applicable
- ✓ Eligibility to work in the United States

To receive WIOA Title I Youth services, individuals must meet the following eligibility criteria.

In-School Youth:

- Attending school
- 14-21 years of age

Out-of-School Youth:

- 16-24 years of age
- Not attending any school
- At least one of the following must apply:
 - Individual with a disability

5% Exception

WIOA allows a low-income exception where 5% of youth may be participants who ordinarily would be required to be low-income for eligibility purposes and meet all other eligibility criteria for WIOA youth except the low-income criteria. A program must calculate the 5% based on the percent of newly enrolled youth in the local area’s WIOA youth program in a given program year who would ordinarily be required to meet the low-income criteria.

Trade Adjustment Act (TAA)

TAA offers a variety of benefits and services to support workers in their search for reemployment. This includes Trade Readjustment Allowances, training, assistance with healthcare premium costs, Reemployment Trade Adjustment Assistance, job search, and relocation allowances. A group of workers may be eligible for TAA if their jobs are lost or threatened due to trade-related circumstances as determined by a USDOL investigation.

In order for workers to obtain TAA or Reemployment Trade Adjustment Assistance (RTAA) services and benefits, an employer of a group of workers, a group of three or more workers, a Union, or another authorized individual must first file a petition with the U.S. Department of Labor (USDOL) and the state

trade coordinator or dislocated worker unit to request a certification of group eligibility for workers adversely affected by foreign trade. Once the group certification is issued, each worker in the group must then individually apply for services and benefits through their local Oklahoma Works (one-stop) Center. An OESC (Oklahoma Employment Security Commission) case manager will issue a determination of the workers' individual eligibility for TAA benefits.

The following eligibility requirements apply to the TAA program:

- An approved TAA certification; and
- Other criteria as determined by the types of benefits and services.

National Farmworkers Job Program (NFJP)

The National Farmworker Jobs Program (NFJP) is the Department of Labor-administered workforce investment program for eligible MSFWs (migrant and seasonal farmworkers) established by WIOA sec. 167 as a required partner of the one-stop delivery system and includes both career services and training grants, and housing grants.

The following definitions apply to programs under this part:

Allowances means direct payments made to participants during their enrollment to enable them to participate in the career services described in WIOA sec. 134(c)(2)(A)(xii) or training services as appropriate.

Dependent means an individual who:

(1) Was claimed as a dependent on the eligible MSFW's Federal income tax return for the previous year; or

(2) Is the spouse of the eligible MSFW; or

(3) If not claimed as a dependent for Federal income tax purposes, is able to establish:

(i) A relationship as the eligible MSFW's;

(A) Child, grandchild, great grandchild, including legally adopted children;

(B) Stepchild;

(C) Brother, sister, half-brother, half-sister, stepbrother, or stepsister;

(J) Daughter-in-law, brother-in-law, or sister-in-law; and

(ii) The receipt of over half of his/her total support from the eligible MSFW's family during the

eligibility determination period.

Eligibility determination period means any consecutive 12-month period within the 24-month period immediately preceding the date of application for the MSFW program by the applicant MSFW.

Eligible migrant farmworker means an eligible seasonal farmworker as defined in WIOA sec. 167(i)(3) whose agricultural labor requires travel to a job site such that the farmworker is unable to return to a permanent place of residence within the same day; and dependents of the migrant farmworker, as described in WIOA sec. 167(i)(2).

Eligible migrant and seasonal farmworker means an eligible migrant farmworker or an eligible seasonal farmworker, also referred to in this regulation as an “eligible MSFW,” as defined in WIOA sec. 167(i). Emergency assistance is a form of “related assistance” and means assistance provided by grantees that addresses immediate needs of eligible MSFWs and their dependents. An applicant's self-certification is accepted as sufficient documentation of eligibility for emergency assistance.

Housing assistance means housing services which contribute to safe and sanitary temporary and permanent housing constructed, supplied, or maintained with NFJP funding.

Lower living standard income level means the income level as defined in WIOA sec. 3(36)(B).

Low-income individual means an individual as defined in WIOA sec. 3(36)(A).

Refer to Training and Employment Guidance Letter (TEGL) 18-16 and state program policy to provide definitions and clarification for the NFJP eligibility criteria.

Pending List

Oklahoma's virtual case management system generates enrollments and potential program eligibilities based on demographic information entered by the participant during self-registration and front-line staff during the intake process. Dislocated Worker and Youth enrollments are placed in a pending queue that require supervisory approval/denial once entered into.

Enrollments, source documentation, and eligibility determinations are valid for 30 days to allow the supervisor time to review information and to approve/deny the pending request. Enrollments must be approved/denied by a supervisor after verifying the client's eligibility including uploaded documentation, self-attestation, and program notes, before there is any expenditure of funds. At the end of the 30 days if the enrollment is still in the pending queue, it is considered ineligible and will require a new enrollment, new source documentation collection, and a new eligibility determination.

Eligibility Source Documentation

Eligibility Source documentation is indicated in appendix A for each eligibility criteria/data element. Title I Programs must utilize the WIOA Title I Eligibility Forms (Attachment F & O) to designate which eligibility criteria used to determine program eligibility. This document will determine the eligibility criteria/data element source documentation from Appendix A that will be required for eligibility data validation. This does not imply, however, that local areas need not collect supporting documentation for elements not used to verify eligibility.

Local Workforce Development Boards (LWDBs) must identify the assessments to be used to determine eligibility and ensure eligibility determination procedures are consistent with the programmatic state policies.

Green Country Workforce Development Board (GCWDB) has chosen CASAS (Comprehensive Adult Student Assessment System), TABE (Test of Adult Basic Education) 9-10 or TABE 11-12 to be used to determine basic skills deficiency and will ensure eligibility determination procedures are consistent with the programmatic state policies.

Each Title I Participant will be required to have the following documents uploaded:

- The applicable program eligibility form (Attachment F or Attachment O)
- The three general eligibility criteria documentation, and
- The designated eligibility criteria/data element source documentation from appendix A notated for eligibility determination from the applicable program eligibility form. It is required to obtain and upload at least one source document for each applicable program eligibility element utilized in determining program eligibility. Some data elements may require more than one source document, noted by an **"AND"** in the Acceptable Source Document column.

Data Validation

Data validation is a series of internal controls established to verify the accuracy, validity, and reliability of data. Data validation helps ensure the accuracy of the annual statewide performance reports, safeguards data integrity, and promotes the timely resolution of data anomalies and inaccuracies as required by 2 CFR 200.328. This joint data validation ensures that all programs are consistent and accurately reflect the performance of each core program. All participants across the core programs must validate the common data elements according to this guidance. The common data elements and source

documentation are indicated in Appendix B. It is required to obtain and upload at least one source document for each data element listed for each participant in a WIOA core program.

Source documentation types include:

Uploaded Documentation: Documentation must be clear and legible copies that are uploaded into the Oklahoma virtual case management system under the Uploaded Documentation section of the Client's Case Details Page. Some documentation may be source documents for more than one data element and need only to be uploaded one time provided all data elements are indicated prior to the upload.

Upload documentation according to the guidelines below:

- **Documentation Item Type:**
 - Universal: Documentation used to determine eligibility.
 - Enrollment: Documentation used to validate or support data elements, career services, training, performance measures, or other documents required by state and/or local policy.
- **Type of Documentation:** multiple types of documentation can be chosen
 - Eligibility: if documentation was used to determine eligibility
 - Validation: if documentation was used to validate data/information entered into the Oklahoma virtual case management system
 - Supporting: if documentation is used to support a service and training entry or case/program note entered into the Oklahoma virtual case management system.
 - Follow-up: documentation to support follow-up services
 - Employment Planning: documentation used to support employment planning

Detailed Case/Program Notes: Statements by the case manager entered in the virtual case management system that identify at a minimum, the specific data element, the status of the data element, information relevant to the data element, the date on which the information was obtained, and the case manager who obtained the information.

If a case manager is obtaining information verifying any data element for validation by phone, the detailed case/program note must include data element, subject to be verified, date verified, the agency or third-party relationship providing verification, contact name, phone number, detailed comments from the contact, and the case manager who obtained the information.

Virtual Signature (Self-Attestation): The individual provides his/her status or information for a particular data element and then signs and dates the form acknowledging that it is true and correct. The self-attestation is completed as a virtual signature in the Oklahoma Virtual Case Management System with the individual's unique username and password being used as the signature.

Eligibility determination requires that all individuals self-attest by virtual signature in the applicable enrollment demographic snapshot before services are provided. Staff must review the enrollment intake questions with the participant and the participant must then verify that the status is true and correct by entering their virtual signature (self-attest) in the applicable program demographics snapshot prior to receiving program eligibility approval. This method may be used in limited circumstances to document low income for participants when income is not verifiable for the prior 6 months of the enrollment date or obtaining the acceptable source documentation will cause undue hardship for the individual (i.e., natural disasters, domestic violence, etc.).

Data Validation Review

The U.S. Department of Labor, Employment and Training Administration, requires states to validate the accuracy of their annual performance report submissions to ensure decisions about WIOA policy and funding are made based on a true picture of program outcomes. Quarterly data element validation reviews shall be conducted to ensure the data elements in participant records are accurate in order to maintain system integrity, ensure completeness of data, and to identify and correct specific issues associated within the reporting process and to ensure the accuracy of data entered into Oklahoma Virtual Case Management System and subsequently submitted to USDOL-ETA. The effectiveness of the data validation process will be assessed annually, and revisions will be made as needed.

Quarterly Data Validation Procedure:

- Local Area staff collect documentation supporting data elements on an ongoing basis. This data collection becomes the foundation for the data validation performed.
- Data from the Participant Individual Record Layout (PIRL) file provided for the annual performance report will be utilized to randomly select participants for the data validation process. In order to meet the 90% confidence interval for each Title I program, a total of 271 participant identification numbers (PID) will be drawn from each of the programmatic PIRL files annually, or approximately 68 participants to be validated per quarter. Of the 271 participants, half of them will be drawn based on the participant start date and half of based on the participant exit date. The start and exit dates will be within the program year being validated. A minimum of 271 participants will be validated based on the proportion of participants in each local workforce area relative to the individual programs.
- A worksheet for each PID will be created from the PIRL file that contains all applicable data elements and documentation reported during the reporting period, to be validated.
- The State Data Validation Unit will validate the worksheets against the source documentation in the participant's file to ensure compliance with federal and state guidance. Screenshots of the case management system that indicate when and where the error occurred will enhance transparency of the state's validation procedures.
- The State Data Validation Unit will score each random element for random clients as either a pass or fail for validation that applies to each participant. Each data element that is required to be validated and that is supported or matched by acceptable documentation is scored as a "pass." Conversely, any data element required to be validated that is *not* supported by acceptable documentation or is inconsistent with other documentation (particularly the PIRL data received from information input into the Outcomes in the state's management information system) is scored as a "fail." Data elements lacking properly labeled or unreadable source documents will be scored as "fail," even if the documentation is in the file.
- Once completed, the elements failed will be reviewed. At the beginning of each quarter the local areas will receive a report of errors that were identified for the sample of audited participants. The local area will have 30 days from the date of the initial report to review and submit a written response to the OESC outlining any concerns or questions regarding the report.

Data Validation Training

Consistent with the DOL (Department of Labor) recommendation that data validation to be part of annual monitoring efforts will be presented with the State's annual monitoring report a summary detailing the most commonly encountered errors throughout the program year from the data validation sample. The results of the report will be the focus of the Annual Data Validation Training which will focus on the most common data entry errors, ensure local areas understand the process for data validation, and provide technical assistance on how to successfully collect the information that is required by the reporting elements identified by DOL.

EQUAL OPPORTUNITY AND NONDISCRIMINATION STATEMENT: All Recipients, and Sub-recipients/Sub-grantees must comply with WIOA's Equal Opportunity and Nondiscrimination provisions which prohibit discrimination on the basis of race, color, religion, sex (including pregnancy, childbirth, and related medical conditions, transgender status, and gender identity), national origin (including limited English proficiency), age, disability, political affiliation or belief, or, for beneficiaries, applicants, and participants only, on the basis of citizenship status or participation in a WIOA Title-I financially assisted program or activity.

Guidelines for Income Calculation Worksheet: Part II

When calculating income, use any one of the following methods as appropriate. A separate form should be used for each family member with income. The examples are illustrative only and as many pay stubs as needed and available to accurately calculate family income should be obtained.

1. STRAIGHT PAY METHOD

Under the Straight Pay Method, pay stubs covering the most recent three to four months of family income should be submitted. Upon review, it is determined that the wages on the pay stubs are the same, with no variations.

The income is calculated based upon the wages indicated on one of the pay stubs, since there are no variations in the gross income on any of the pay stubs. Based upon the length of the pay period the gross income is multiplied by the number of pay periods in a six-month period (weekly = 26, bi-weekly = 13, or monthly = 6).

The result will be the six-month income used to determine WIOA low-income eligibility.

EXAMPLE:

Five bi-weekly pay stubs are provided indicating gross wages of \$548.00 each. The pay stubs are sporadic and cover a period of three months but there is no variation in the gross income.

Multiply: $\$548 \times 13 = \$7,124$.

\$7,124 is the six-month income used to determine WIOA low-income eligibility.

2. AVERAGE PAY METHOD

Average Pay Method is used if there is a variation in pay from pay stub to pay stub and it is a result of overtime, lost time, or working for different employers.

To compute the six-month income, the gross earning total of all the pay stubs provided is divided by the number of weeks in the timeframe for each pay stub submitted (weekly = 1, bi-weekly = 2, monthly = 4.3). These totals are added together and divided by the number of pay stubs submitted. The resulting average gross weekly income is then divided by 26 determining the 6-month income.

EXAMPLE:Example 1:

Three pay stubs are provided and the pay frequency is bi-weekly: \$1,009, \$932, \$1,032

Divide each amount by 2 (bi-weekly: $1009/2 = \$504.50$; $932/2 = \$466$; $1032/2 = \$516$ Add totals together: $\$504.50 + \$466 + \$516 = \1486.50

Divide by 3 (# of pay stubs submitted): $\$1486.50/3 = \495.50

Multiply total by 26 (# of weeks in a 6-month period): $\$495.50 \times 26 = \$12,883$

\$12,883 is the six-month income amount used to determine WIOA low-income eligibility.

Example 2:

Six pay stubs are provided and the pay frequency is weekly: \$534, \$475, \$398, \$534, \$498, and \$534

*You can skip the first step since the pay frequency is weekly and you would be dividing each amount by 1

Add: $\$534 + \$475 + \$398 + \$534 + \$498 + \$534 = \$2973.00$

Divide by 6 (# of pay stubs submitted): $\$2973/6 =$

$\$495.50$ Multiply total by 26: $\$495.50 \times 26 = \$12,883.$

\$12,883 is the six-month income amount used to determine WIOA low-income eligibility.

3. YEAR-TO-DATE METHOD

Under the Year-To-Date Method of calculating six-month gross income, the participant provides recent pay stubs with cumulative year-to-date gross earnings indicated on the pay stub. The cumulative year-to-date gross earnings indicate the gross earnings up to the date of the pay period ending date, on the pay stub.

To compute the six-month income, the intake worker counts the number of cumulative weeks that have occurred in the year-to-date period and divides that number into the gross year-to-date earnings indicated on the pay stub to get the weekly gross income. The result of this computation weekly gross income is then multiplied by the number of weeks in a six-month period to determine the six-month gross earnings.

EXAMPLE:

Participant provides the intake worker with a recent pay stub dated July 3rd showing his **year-to-date earnings** were \$25,200 so far that year. The cumulative number of weeks for the year is 27, Calculation of the gross annualized income would be done as follows:

Divide: $25,200 \text{ by } 27 = \933

Multiply: $\$933 \text{ by } 26 \text{ (No. of weeks in 6 months)} = \$24,258$

\$24,258 is the 6-month income figure for this individual or family member.

4. INTERMITTENT WORK METHOD

When an applicant has not had steady work with one or more employers, they should supply as many pay stubs as possible and complete an Applicant Statement explaining all missing pay stubs and not-work periods during the last six months.

If an applicant reports little or no includable income, they should indicate the resources relied upon for life support during the last six months, on the Applicant Statement. Such resources may include such things as unpaid debts, gifts, loans, unemployment compensation, etc.
